**Security guards wear red shirts.** If I get lost or hurt, they can help me.

**Eco-Explorers wear vests** and talk to people about animals.

**Volunteers** teach and talk to people at the Zoo.

They may hold animals or other things I may touch.

If I get lost or hurt,  
I can ask any of these people for help.

There are **peacocks** and **chickens** that walk around at the zoo.

I will not chase the animals, or throw things into their exhibits, because it is not safe for me or the animals.

I will not hit the glass in any exhibit. The noise scares the animals.
