

Utah's HOGLE ZOO

VOLUNTEER: JORDAN RIVER RESTORATION PROJECTS

POSITION DESCRIPTION

Long loved and long used, it has recently been acknowledged the Jordan River needs a little help in getting back to its former glory. You can join Utah's Hogle Zoo and The Jordan River Commission in helping it get there by joining us for our Jordan River conservation and restoration events. From May-September we will host monthly outings to different portions of the river to perform a variety of conservation and restoration projects from tree planting, to water trail maintenance, to removal of invasive weeds. These are family friendly events and a great way to get outside and become more familiar with our unique and beautiful urban river.

REPORTS TO:

Community Conservation & Impact Specialist

PROJECTS

Conservation events are held throughout the year. Projects include:

- River Float Cleanups
- Invasive plant removal
- Pollinator-friendly garden planting
- Tree planting
- Trail cleanups
- Habitat restoration

REQUIREMENTS

Projects are open to individuals, families, and groups. Participants under the age of 18 must be accompanied by an adult.

SCHEDULE

Events are scheduled monthly throughout the year. Visit our website for a [list of upcoming project dates](#) and more information on UHZ Community Science Initiatives.
